

Exhibit No. 9Date 3-26-09Bill No. HB 2

In November, **Montana Voted YES**

to create the Healthy Montana Kids Plan and cover
30,000 uninsured Montana children.

State Legislator—

I am **counting on YOU** to honor this vote.

Fully fund health care coverage for Montana's children
from the special account set up by the I-155.

Having health insurance is a key indicator of child well-being. Those with coverage get important checkups and immunizations, do better in school, have fewer long-term health problems and are better prepared for the future work force.

Last Novemeber, **70% of Montana voters supported the Healthy Montana Kids Initiative** to move Montana forward and cover nearly 30,000 children.

This created a special account with the necessary **funding to cover 30,000 children.**

Since then, the economic downturn has created a more **urgent need for health coverage for children.**

**Some State Legislators are trying to stop or delay this plan.
THEY NEED TO HEAR FROM YOU NOW!**

Sign the attached post card, tear off and **mail to us today.**

We will hand deliver it to your legislator.

and

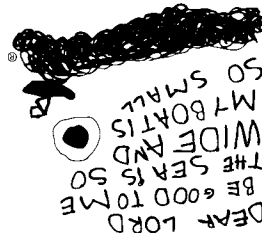

Contact your legislator by email at www.leg.mt.gov

and tell them to **honor I-155** and fund health care coverage for Montana children.
